

# Welcome to the Monatiquot River Middle Street Loop Trail

We hope you enjoy your walk through this patch of woods. This land was acquired by the Town in 2018 to provide access to the Monatiquot River. There are many interesting natural features along the loop walk. There are five more QR Codes along the way which provide information about particular features.

The forest consists of a mix of hardwood trees including oaks, maples, and black cherry.

Please don't wander off trail as poison ivy is common in the area.
